"They again lived the car Wednesday night to go to the dairy. One was sitting in the front seat with me and the other was in the back seat. As we were about a mile from the dairy on the way back to the city I was struck from behind. I jumped from the auto and a struggle followed. I was hit everal times and finally fainted. I was not robbed and the car was not taken. I have one of the men by the name of Manuel and would know him again if I saw him. I know of no reason for the assault."
